

RESIDENT SOUNDS CALL TO ALL CITIZENS TO VOTE Chief Executive in Message Heard Throughout Nation Emphasizes Today's Solemn Duty

(Continued from First Page) countrymen cannot get along, cannot remain sound, cannot preserve their institutions, cannot protect their citizens, cannot maintain its place in the world, unless those who have the right to vote do so. To guide the course of public affairs by the thoughtful exercise of that right on election day. They do not hold a more privileged position than the citizen, and they are charged with a great trust, one of the most important and most solemn which can be given into the keeping of an American citizen. It should be discharged thoroughly and seriously in accordance with its vast importance.

LANDSLIDE FOR COOLIDGE SEEN LAST BLAST EMITTED BY LA FOLLETTE

(Continued from First Page) Coolidge probably will be larger and the vote for both Davis and La Follette smaller than has been estimated. Whether it is the prosperity wave, an increasing disposition to let well enough alone, and the widespread fear of the effect of an election on business, whether it is the fear of a change in the administration, or the situation in many of the doubtful States on the eve of the balloting are significantly favorable to Coolidge.

Missouri, for example, which is listed as a doubtful State on Sunday, is now declared at St. Louis to be virtually certain to cast its electoral vote for Coolidge. From Kentucky comes the information that the Democratic managers are extremely pessimistic over the chances of carrying the State for Davis, although my own judgment has been all the while that the State would go into the Democratic column by a small plurality of the popular vote. Likewise Tennessee, which placed in the Davis column unreservedly in the light of the most trustworthy information I could obtain, now is reported to be trembling on the verge of going "hell bent" for Coolidge. The major uncertainties of the situation are still west of the Mississippi where all eyes will be turned when the counting of the ballots begins tonight. That is the territory which will determine whether it is to be a landslide for Coolidge, a hair-breadth victory for La Follette, or a tie, which would give the choice of President thrown into Congress. It looks, however, as if Davis is going to make such a poor show that it would be necessary for La Follette to make a clean sweep of the western half of the country in order to defeat Coolidge and a majority and project the election into the House.

Coolidge-Dawes Motor Caravan Ends Long Tour

(BY A. P. NIGHT WIRE) SEATTLE, Nov. 3.—An automobile procession known as the "Coolidge-Dawes" Lincoln tour caravan, arrived here today after having traveled 1946 miles since it left Plymouth, Vt., President Coolidge's home town. The caravan was met at the King county line by a number of automobiles from Seattle and surrounding cities. En route to Seattle from the county line the procession stopped at Auburn and Kent, where Thomas P. Fisk of Longview, Wash., representing the National and State Republican committees, made short addresses explaining the formation of the caravan and its tour across the continent. The caravan left here this afternoon and proceeded to Bellingham, the end of the tour.

WHEELER STICKS TO TUNE TO BITTER END

(BY A. P. NIGHT WIRE) BALTIMORE (Md.) Nov. 3.—Senator Wheeler of Maryland, who delivered his last campaign speech as Vice-Presidential candidate tonight before a Baltimore audience, is it is summarized the charges of corruption he has made against the Republican national administration, assailed President Coolidge and Gen. Dawes, Republican nominees for Vice-President, and concluded by advising his listeners above all to add their ballots to the total the nation will cast tomorrow.

Testimony of 256 Will be
Taken in Mail Theft Trial
Starting Wednesday
CHICAGO, Nov. 3.—Two hun-
dred and fifty-six witnesses, said
to be the largest number ever
called in a criminal court trial in
the local Federal District Court,
have been notified to appear
Wednesday, when the government
will open its case against eleven
alleged robbers concerned in the
Rondout (Ill.) \$2,000,000 mail-
train robbery.
The confession made a few days
ago by Willie Newton, one of the
five Texas brothers, has been a
great help to the government. New-
ton was shot by the leader of the
gang over some trivial disregard of
orders and his capture gave the
government its first working lead.
Other members of the gang want-
ed to kill Newton and leave him
on the spot, but his brother, Wil-
lie, defended him and his chance
Newton was shot three times with
a heavy caliber pistol and his sur-
vival is not short of a miracle.
For weeks he has been hovering
between life and death. He has
shed his atheism and professed his
faith in God. The odds against his
living were too great for human
help, he said. "God spared me
for some reason best known to
Himself and I shall come clean in
this affair."
All the persons indicted are now
in custody or under heavy bonds.
Brent Glascock, captured a week
ago in Michigan with \$35,000 in
diamonds and many thousands in
cash, is believed to have been the
leader of the gang.

**TWO EXECUTED
IN IMBRIE CASE**
Persian Government Acts on
American Demand
Mob Ringleader and Another
Man Put to Death
Move Ends Strain Between
Two Nations
WASHINGTON, Nov. 3.—Execu-
tion by the Persian government of
Seyid Hussein, ringleader of the
mob which murdered American
Vice-Consul Imbrie, in Teheran,
was reported officially today to the
State Department. Another man
was executed for the crime at the
same time.
The death sentences were car-
ried out after the United States
government had insisted that the
two men must receive the extreme
penalty. A decision by the
Persian Cabinet to commute their
sentences. A third man found
guilty and sentenced to death was
executed some time ago.
OTHER SENTENCES
A group of members of the mob
which killed Imbrie have been
given lesser sentences, as they
were less participants in the
crime.
The Persian government also has
announced other phases of the
prosecution. It has made substan-
tial payments to Imbrie's widow
and to the family of the man who
lost his life in the attack on Im-
brie's body home for burial. Un-
der the persistent pressure of the
United States government, the
Persian army colonel in command
of the forces in Teheran, which
should have protected Imbrie, has
been placed under arrest prepar-
ing to trial, although the original
action in his case was merely to
revoke him of his command.
INVITED TO EXECUTION
As done in the case of the first
execution, the American Legation
in Teheran was requested by the
Persian government to witness the
execution of the two men who
were put to death yesterday by a
military firing squad.
The American Legation has
accepted the invitation and the
executions brought relief to govern-
ment officials here, as the previous
delays indicated to the Persian
Cabinet to evade full respon-
sibility for Imbrie's murder, had
brought relations between the
two countries to a serious situa-
tion.

**CHAMBERS
DENOUNCE
POWER ACT**
Over 100 Organizations Go
on Record as Opposed to
Measure
SAN FRANCISCO, Nov. 3.—
More than 100 chambers of com-
merce, trade, industrial and civic
organizations of California have
gone on record as opposing the
Water and Power Act and calling
upon the voters to defeat it at the
polls today, according to infor-
mation on file at the California De-
velopment Association here.
Resolutions adopted by these or-
ganizations referred to the measure
as "tending to destroy private in-
itiative," as "vesting unlimited pow-
ers in a water and power board
with no adequate safeguards and
checks," as "treating a political ma-
chine of tremendous magnitude,"
and as "creating a staggering in-
debtedness, the deficits on interest
of which are payable from the
general fund."
The chambers of commerce of the
following localities are includ-
ed among the active opponents of
the measure: San Francisco, Los
Angeles, Oakland, Riverside, Or-
ange, Santa Ana, Santa Barbara,
San Diego, Glendale, San Jose,
Ventura, Ukiah, Fresno, Merced,
Santa Cruz, Gridley, Stanislaus
county, Ventura county, Placenta,

**MINISTER FREED
IN HERESY TRIAL**
Presbytery of Madison, Wis.,
Absolves Modernist
Prosecutor to Carry Case to
Synod of Church
Charges Result from Defense
of Dr. Fosdick
MADISON, Wis., Nov. 3.—Dr.
George E. Hunt, for twenty years
pastor of the Christ Presbyterian
Church of Madison, tonight was
cleared of a charge of heresy filed
against him by other clergymen
of the Madison Presbytery of the
church.
The trial was held in the Park
side Presbyterian Church and con-
tinued until 6 o'clock tonight. The
members of the presbytery then
went into executive session and in
which an hour announced that they
had voted twenty-one to four for
the acquittal of Dr. Hunt.
The fight to convict the mod-
ernist pastor will be continued and
the case will be taken to the synod
of the church. Dr. Hunt declared
that he would appeal to the synod.
Dr. Hunt did not take the stand
but left it to his accusers to prove
the charge against him.
The decision sustains Dr. Hunt
in his assertions that the Bible
is not infallible. He de-
clares that the Genesis explana-
tion of the creation, the story of
Adam and Eve, and the story of
the flood, are not literal but are
symbolic and are to be taken as
allegories.
The charges against Dr. Hunt
were made by the Madison pres-
bytery who are backing him in his
fight for freedom of thought. Sun-
day night the congregation of the
church met and passed a resolution
of confidence in him.
The charges against Dr. Hunt
arose out of his defense of Dr.
Harry Emerson Fosdick, who was
forced out of a New York pulpit
because of his modernistic views.
An open letter to newspapers made
up the evidence.

Consul-General**
PARIS, Nov. 3.—Among the di-
plomatic appointments announced
today are the following:
Henry Arme Martin, consul-gen-
eral at Havana, to be Minister to
Central America, comprising
Guatemala, Nicaragua, and Costa
Rica.
M. Hellmann, first secretary of
the Embassy at Washington, to be
consul-general at San Francisco.
M. Monnerie, consul-general at

NEW YORK, Nov. 3.—Earl Car-
roll, theatrical producer, who has
been in the Tombs since last
Thursday because he tried to
furnish bail pending his trial on a
charge of having exhibited im-
proper pictures in the lobby of
his theater, was released from jail
this afternoon after his brother
posted the required \$300 bond.
Carroll pleaded guilty to the charge.
The hearing was set for
Thursday.
**GERMAN WHO BACKED
COOLIDGE FOUND DEAD**
NOTE INDICATES EDITOR WAS
LED TO SUICIDE BY
CRIMINALS
ST. LOUIS, Nov. 3.—Hans Hack-
el, one of the most prominent Ger-
man-language editors of the country,
and president of the corpora-
tion publishing the Westliche
Post, was found dead in the kit-
chen of his home late last night by
his wife as she returned from a
theater. According to the police re-
port his head was resting on an
open tin of the gas range.
A note stating: "I cannot stand
the strain any longer," was found
on the kitchen table, police asserted.
With this remark, his friends
believe, he referred to the criti-
cisms he was said to have incurred
for his opposition to the Steuben
Society, a national organization of
German-Americans, during the
present Presidential campaign. Mr.
Hackel was an ardent supporter of
President Coolidge, and only re-
cently he called on the President
to report the political situation in
Missouri.
Mr. Hackel was born in Ger-
many and came to this country
more than thirty years ago. He was
55 years of age.
**CONTINUANCE ORDERED
IN MINING CLAIM SUIT**
PHOENIX, Nov. 3.—Conti-
nuance until a December date has
been ordered by United States
Judge Jacobs in the Federal case
against G. J. Stetson and others,
a suit asking injunction
from occupying or claiming rights
in fifty-five alleged mining
claims on the floor of Grand
Canyon. This delay was due to
the fact that United States mar-
shals in other States have not
had time to make returns of pro-
ceedings upon the defendants. Atty.
Harold Baxter, for the govern-
ment, stated to the court that the
majority of the relief sought already
had been secured in the Stetson
Cameron and Lilly cases and so
was given authority to file an
amended complaint.

FOR SANTA CRUZ**
SAN FRANCISCO, Nov. 3.—The
Mayor and City Council of Santa

election to determine whether the
city shall be recalled as the result
of a decision today by the Supreme
Court. The court denied the of-
ficials a rehearing of the proceed-

HARRIMAN ESTATE ON FIRE
Rich Brothers Battle Flames All Night; Reward
Offered for Firebugs; Entire Town Menaced
NEW YORK, Nov. 3.—Forest fires, believed of incendiary origin,
for more than fifteen hours have swept through the extensive Har-
riman estate at Arden, and still were burning this afternoon. Roland
Harriman and his brother, Averell Harriman, after a sleepless night
battling flames, today offered a reward of \$1000 for information lead-
ing to the arrest and conviction of any person or persons who set
the fires in their power to save the park trees.
Senator Copeland had a huge reservoir full of water ready
for the fire fighters, and the flames approach closer to his home.
Louis P. Mitchell, chief of the
Suffern fire department, had every
available man out this morning.
When the flames got within a half-
mile of the town, in which there
are about 700 houses, the village's
water could be reached by the
fire fighters, and the blaze was
driven back temporarily.
Whenever the fire approached
again, water sent it back, and in-
habitants breathed confidence that
their homes would be saved.
The fifty firemen of the town
were alerted in New York and
New Jersey, the most threat-
ening being reported from Suffern
and High Bridge, Hunterdon coun-
ty, N. J.
Hundreds of men and women
were battling with pick and shovel,
backhoe and a water supply
to prevent the flames from reach-
ing thousands of homes and many
fine estates in the danger zone.
The fifty-five fire departments
which surround the Harriman es-
tate are being kept busy, today con-
tinued to fight a forest fire on the
outskirts of High Bridge, N. J.,
which started at a fire house, a
time threatened to destroy dwell-
ings in the fashionable residential
section.
Backfiring, the stearling of
fires in the path of the forest fire
to arrest its progress, was resorted
to last midnight, with the result
that the blaze was practically in
control today. It continued to
burn over a territory of 300 acres,
however, and because of the wind
it was felt that all danger was
not past.

FRANCE RETAINS RUSSIAN POLICY

British Tory Victory Not to Effect Conference

General Meeting of Creditor Nations Expected

Paris to Bar Propaganda by Soviet Delegates

(BY CABLE—EXCLUSIVE DISPATCH)
PARIS, Nov. 3.—The British election and the consequent abandonment of Prime Minister MacDonald's friendly policy to the Soviets, will make no difference in the conduct of the French government regarding the Bolsheviks, Senator Demons declared today. M. Demons has been made president of the delegation to the Franco-Russian conference, which will open in Paris as soon as the preliminaries can be arranged. "Whatever the Baldwin government does, and even if the Anglo-Russian treaty is rejected, our policy toward the Soviets will remain exactly the same," M. Demons said. "What actually may happen, however, is that the Franco-Russian conference may enlarge into a general meeting between the Russian delegation, on one side, and representatives of the capitalist nations on the other. This means capitalist nations who are in approximately the same position as France—to whom Russia is heavily in debt."

The Senator definitely stated he meant to include England in this category. Holland and Belgium are the nations he means principally, and both Holland and Belgium are considering the possibility of taking part in the Franco-Russian conference. They hold Russian bonds of the same value as France and, especially in the case of Holland, they are interested in the same industrial properties.

"Merely to have recognized Russia, however, does not indicate any weakening in policy toward Communism and the Third International," M. Demons declared. "The Bolsheviks will be obliged to take no part whatever in Communist propaganda, and the government does not intend to tolerate any attempt by the Third International to interfere in France's internal affairs."

The Senator said it was possible that the Baldwin government might be represented one way or another in the Franco-Russian conference, but he considered more likely that England would make new peace with the Bolsheviks on better terms than Mr. MacDonald obtained.

MOVE TO ROUND UP DEER GETS SUPPORT

COWMEN VOLUNTEER TO AID IN DRIVING ANIMALS IN ARIZONA

(EXCLUSIVE DISPATCH)
FLAGSTAFF (Ariz.) Nov. 3.—George McCormick's plan for driving a few thousand deer southward across the Grand Canyon and across the Colorado River appears to be developing well, and help is being offered him by scores of volunteers, mainly cowmen familiar with the region and with the work of driving live stock. That the scheme is practicable is declared to have been proved by the transfer from the northern forests of two scores of deer by the Reed-Cashion Company to its ranch near Phoenix.

Slaughter of half the 30,000 deer on the Kaibab preserve did not start on the 1st inst. The Department of Agriculture evidently having under consideration the drive plan proposed from Arizona. From the department, word has been received here that any hunting that may be allowed will be in an area that would not affect the drive.

Federal Court Annuls Verdict Against Welty

(BY A. P. NIGHT WIRE)
CINCINNATI, Nov. 3.—The conviction of former Congressman Benjamin F. Welty of Lima, O., on the charge of having overcharged a war veteran in a claim against the Veterans' Bureau, was reversed here today by the United States Circuit Court of Appeals. The case was remanded to the Federal District Court at Toledo, where Judge Paul Jones last winter sentenced Welty to a year in the Dayton workhouse.

MINE MOUNTAIN ROADS

Colorado Park Service to Try Experiment in Breaking Drifts to Open Highways

(EXCLUSIVE DISPATCH)
LOVELAND (Colo.) Nov. 3.—Incised in a tube of lead, a ribbon of powerful TNT known as a Cordau fuse, is being stretched along the trail of the Fall River road, in the Rocky Mountain National Park, west of Loveland.

This fuse will be buried under snow drifts ranging from fifteen to twenty-five feet deep on both sides of Fall River Pass, and in the spring the drifts of snow will be blasted from the trail.

This is something new in the work of the park service. Heretofore the snow has been bucked and scraped from the mountain peaks roads each spring. This has been the hardest and most expensive task the park service has had to handle.

The new instantaneous fuse is set off by a blasting cap, so that its entire length explodes at the same instant. This week fifty-pound boxes of 20-per-cent dynamite will have been placed at twenty-foot intervals in one of the worst drift locations along the road. Each box contains a fuse, and the Cordau fuse strung between them, after which they will be sealed again.

The free end of the Cordau is securely fastened twenty-five feet high on a steel snow-gauge pole. Each end of the fuse is made water tight.

This powder will be left beneath

FINISH STRETCH OF NEW HIGHWAY

(LOCAL CORRESPONDENCE)

EL CENTRO, Nov. 3.—Reports of engineers of the State Highway Commission indicate that the work on the highway between the sandhills and the Colorado River will be completed about New Year's. This will add twenty more miles of good gravelled road to the highway that connects Yuma with San Diego and Los Angeles by way of Imperial Valley. Recently nine miles of the road work was accepted by the commission and more is to be put into use in the next few weeks.

More than twenty miles of highway east of the highline canal is paved, and this, with the plank road and the newly finished gravelled road, will provide a highway across the desert that can be used by automobiles at all times of the year.

TO RETURN DELINQUENT HUSBANDS

Denver Judge Asks Fund for Purpose as Cheaper Than Keeping Families

DENVER, Nov. 3.—Judge Ben B. Lindsey of the Juvenile Court will ask the County Commissioners to grant him a special appropriation of \$10,000 annually for the express purpose of returning delinquent husbands to the jurisdiction of the court.

The Juvenile Court, according to Lindsey, is unable, out of its regular appropriation, to bring back the many husbands who desert wives and go to other parts of the State leaving dependent families.

Lindsey contends it would be cheaper for the county to spend \$10,000 sending officers after these men than to support their families.

He declared at least six cases of deserting husbands are brought to the attention of the court every month.

Roberto Pasquella is probably
the best known of the new Cabinet
officers on this border. Born in
Sonora on his father's ranch near
Hermosillo, he was educated in the
schools at Tucson and attended col-
lege in the United States. He was
Carranza's financial agent here
during the Carranza revolution and
Presidency, and was acting Amba-
sador to Washington at one time.
For the past four years he has
been engaged in business in Mex-
ico City, but retained his connec-
tion with the government and con-
tinued a close personal friend of
Obregon. His mother has been a
resident of El Paso for a number
of years, living in the home Ro-
berto bought here when he was
financial agent, with her daugh-
ters. Pasquella's brother is Mex-
ican Consul here.

Eduardo Hay, named as Post-
master-General, is the most pos-
sible successor of the newly named
Cabinet officers. His father was a
Scottish mining engineer and his
mother a member of one of the
oldest families in Mexico. He is a
graduate of Notre Dame University
at South Bend, Ind., and was prac-
ticing his profession of mining en-
gineer in Mexico when the Madero
revolution started. He came to El
Paso, joined Madero's army and
opposite Fabens, Tex., became his
chief of staff with the rank of
major. From Guadalupe the revo-
lutionary regime army marched to
Cassas Grandes, where the Federal
garrison under Gen. Quellar was
defeated.
Hay, while awaiting his opportu-
nity to join the Madero forces,
told his El Paso friends that he
could overcome Madero's lack of
artillery if he could find enough
brave men to follow him into a
town with hand grenades. At Casas

Grandes he was given an opportu-
nity to try his theory in practice.
The Federal artillery was too
powerful for the attacking rebels.
Hay called for volunteers and ac-
companied by a belloy from the
Hotel Sheldon, an Englishman
who had joined Garibaldi's foreign
legion, and two Mexicans, Hay led
them down the main street of
Cassas Grandes with bombs made
of cowhide and filled with dynamite.
They bombed the houses from
which the Federal were firing on
the rebel forces until they reached
the little plaza. A machine gunner
on the old church whipped his ma-
chine gun around and sprayed the
little band of rebels with bullets.
Hay was hit fourteen times, the
sight of his right eye destroyed and
he was dragged into a building to
die.

Later he was captured, taken to
Chihuahua City with a number of
other Mexican and American pri-
soners, and placed in the Federal
army hospital. From there he es-
caped, reached the border and was
met by the rebel troops under

Reichsbank Leader Sends
Message to Rally
Country Said to be Able to
Pay Reparations

BY CABLE AND ASSOCIATED PRESS
BERLIN, Nov. 3.—"Only
straightforward Democratic poli-
tics will accomplish the destruction
of the war guilt lie and help us
achieve our national regeneration,"
was the substance of telegraphic
greetings of Dr. Hjalmar Schacht,
president of the Reichsbank and
German Currency Commissioner, to
a rousing Democratic rally held in
Berlin today.
The greetings of Dr. Schacht
were sent from Kiel where he ad-
dressed a meeting of Germany's
new financial policies. He told
the Kiel gathering that the Reichs-
bank's new gold reserve would per-
mit of the issue of 5,000,000,000
marks in new currency, which
would be put into circulation as
the country's economic situation
warranted.
"The conditions of a nation's
business and not its political re-
sults," Dr. Schacht declared, "deter-
mine the character of its currency."
The speaker then roundly de-
nounced what he termed the in-
discriminate chase after foreign
loans and credits.
Designating the annuity of
2,500,000,000 marks which Ger-
many will be called on to pay un-
der the Dawes reparations plan as
a heavy burden, Dr. Schacht ad-
mitted there was no other path left
to Germany.
"A nation united within itself
and conscious of its moral and in-
tellectual powers," Dr. Schacht told
his audience, "eventually will be
able to liberate itself of unjust
burden without the aid of cannon
and poisonous gases."

Slightly Better**
MARION (O.) Nov. 3.—Mrs.
Florence Kling Harding, widow of
the late President, who has been
ill of kidney trouble for several
weeks, was slightly improved to-
night, although complications have
arisen, a bulletin issued by Dr.
Carl W. Sawyer at 7 o'clock to-

**ABRAMS HEADS
UNITED ARTISTS**
Schenck is Board Chairman
in Huge Combine
Fund Set Aside to Finance
Producing Companies

The reorganized United Artists, a
huge new film combine, embracing
Joseph Schenck, Douglas Fair-
banks, Mary Pickford, Charles
Chaplin and David Wark Griffith,
will be headed by Hiram Abrams
as president and distributing chief,
and Joseph Schenck as chairman of
the board of directors and busi-
ness mentor. It was announced yes-
terday by Mr. Schenck, following a
final conference between these pro-
ducers and their representatives.
One of the most important fea-
tures of the announcement, aside
from the fact that the acceptance
of the old United Artists' releasing
system means pictures of these pro-
ducers will be marketed singly in-
stead of collectively, is the provi-
sion of a \$2,500,000 fund to finance
productions of other directors.
NEW DEPARTURE
This is a departure for the or-
ganization, which formerly was a
releasing combine pure and sim-
ple. Mr. Schenck declared yes-
terday the representative directors of
the industry will be approached and
offers made for the financing of
their pictures to be released by
United Artists. In this fashion the
combine will increase considerably
the number of pictures it distrib-
utes each year. A lack of pictures
was one of the chief difficulties of
the old United Artists, composed of
Chaplin, Fairbanks, Mary Pickford
and Griffith.
Another important bit of news
for the west coast is the imminent
return here of Griffith, who, for a
number of years, has made his pic-
tures in the East.
"Mr. Griffith will make his fu-
ture pictures in Hollywood," Mr.
Schenck said. He declared that,
although arrangements are not
complete, he believes the Griffith
pictures will be produced at United
Artists studios on Melrose avenue.
This studio is the seat of Schenck's
own activities.
Final details of the new organi-
zation will be completed by the
15th inst., Schenck declared. They
now await, he said, only the ar-
rival of two New York attorneys,
Nathan Burkan and S. Beneshof,
representing Chaplin and Griffith.
These men have New York to-
morrow, the producer said.
The board of directors of the
new combine probably will include
Dennis O'Brien, Nathan Burkan,
Mr. Beneshof and one other man
in addition to Schenck. It was
learned yesterday.

**Robbers Force
Woman Teller
to Open Vault**
BY A. P. NIGHT WIRE
TACOMA, Nov. 3.—Two armed
robbers held up Mrs. May Crowley,
teller of the Roy State Bank at
Roy, Wash., this afternoon, and
obtained \$3800, according to re-
ports received by the Sheriff's of-
fice here.
Mrs. Crowley was alone in the
bank at the time of the robbery,
and was forced to open the vaults
for the bandits. The men escaped
on foot. Fifteen minutes later a
posse of ten men, in charge of City
Marshal H. E. Nixon, was organ-
ized and began a search for the
bandits. Roy is twenty miles south
of Tacoma.

**NEW RECORD
IN GASOLINE
PRODUCTION**
September Daily Average
Reported as Twenty-five
Million Gallons

(DISPATCH)
WASHINGTON, Nov. 3.—For
the first time in the history of
the oil industry daily gasoline pro-
duction reached an average of
25,000,000 gallons during Septem-
ber, according to a report issued
today by the Bureau of Mines.
Owing to the shortness of the
month, however, the total output
of 758,000,000 gallons fell 5,000,
000 gallons below that of August.
The domestic demand also fell
100,000,000 gallons short of the
record consumption attained in
August, due to the waning auto-
mobile season. The foreign de-
mand expressed in exports con-
tinued, however, reaching more
than 100,000,000 gallons and caus-
ing a reduction in gasoline stocks
of 30,000,000 gallons.
"Stocks of gasoline on hand at
refineries on October 1 stood at
1,220,000,000 gallons, representing
fifty-one days' supply at the pre-
sent rate of domestic demand," the
report states.
This compares with forty-five
days' supply on hand October 1,
1923.

today sailed to search for the sloop
Lief Ericson and the three adven-
turers who last July fared north
from Bergen, Norway, to find a

A woman and two sturdy young-

son, and daughter of William
Washburn Nutting, commander of
the Lief Ericson's venture. And,
farther down the pier, alone on
wind-swept pier, another woman
waved a tiny handkerchief after
the disappearing cruiser for her
husband, Eric. Today the marine
painter, Arthur Hildebrand, the author,
also sailed with the Lief Ericson.

Vote against No. 16—the proposed act bonding the State for
\$500,000,000 to put California into the hydro-electric business.
State Bonds are a first mortgage upon all of the property in the
State. The proposed Bond Issue of Five Hundred Million Dollars is
about seven per cent of the assessed value of all the wealth of the State.
Would you be willing to mortgage your property for seven per
cent of its value, and turn over the money, without security, to a State
board, to invest for you in any way it saw fit? That is just what you
will be trying to do if you vote for the Water and Power Act No. 16
on the ballot.
If you own a \$2000 home, your part of the obligation would be
about \$140. If the act carries that is what your home would be mort-
gaged for, and this State Board would do with the money, practically,
whatever it pleased.
And \$500,000,000 would just get us started. When the water
and water power of the State are all developed, as in time they must
be, the estimated total cost, based on the cost per horse power of wa-
ter power development in this State, will be not less than Four Billion
Dollars (\$4,000,000,000.)

HARBOR TO GET FISH SHIP LINE

Ocean Industries Company to Increase Service

Eight Vessels Will Ply Over Triangular Route

Lower California and Japan Are Other Terminals

Definite announcement of the entry of eight refrigerated fish ships into triangular service between Japan, Los Angeles Harbor and Lower California fishing grounds, was made yesterday by J. Inami, Pacific Coast manager at San Diego for the Ocean Industries Company, operators of the vessels. Mr. Inami has been here several days making arrangements and has appointed W. H. Wickham local agent.

Two of the vessels already have visited this port. The Chichibu Maru, now at Pacific Bay, and the Haruma Maru, which sailed yesterday for the William Wagon, the latter will then proceed to Japan and return to Japan with fish.

In turn the Haruma Maru will take on a cargo of fish and follow the Chichibu Maru, either to California or to Japan. The latter California catches have an important influence on the Japanese fish market, according to H. E. Pickering of Wickham's office, the Tokyo manager, who said that the Japanese market is estimated at 100 tons of fish daily. The vessels can handle forty tons daily, with a capacity of 100 tons and make this trip in about twenty-two days.

Members of the crew receive double pay from their departure to their return home because of foreign service, according to Pickering. The Haruma Maru is commanded by Capt. K. Kikuchi, former master of the T.M.R. steamer Glayo Maru and formerly an officer in the Japanese navy.

PASSENGER SHIP IN NEW SERVICE DUE SOON

The first ship out from San Francisco to Los Angeles, according to J. Inami, is the T.M.R. steamer Glayo Maru, which will sail on November 10. The vessel is a 1,000-ton passenger ship, and will be the first of a new line of ships to be operated by the T.M.R. company. The vessel is commanded by Capt. K. Kikuchi, former master of the T.M.R. steamer Glayo Maru and formerly an officer in the Japanese navy.

Heavy Vote Predicted As Nation Prepares to Choose President

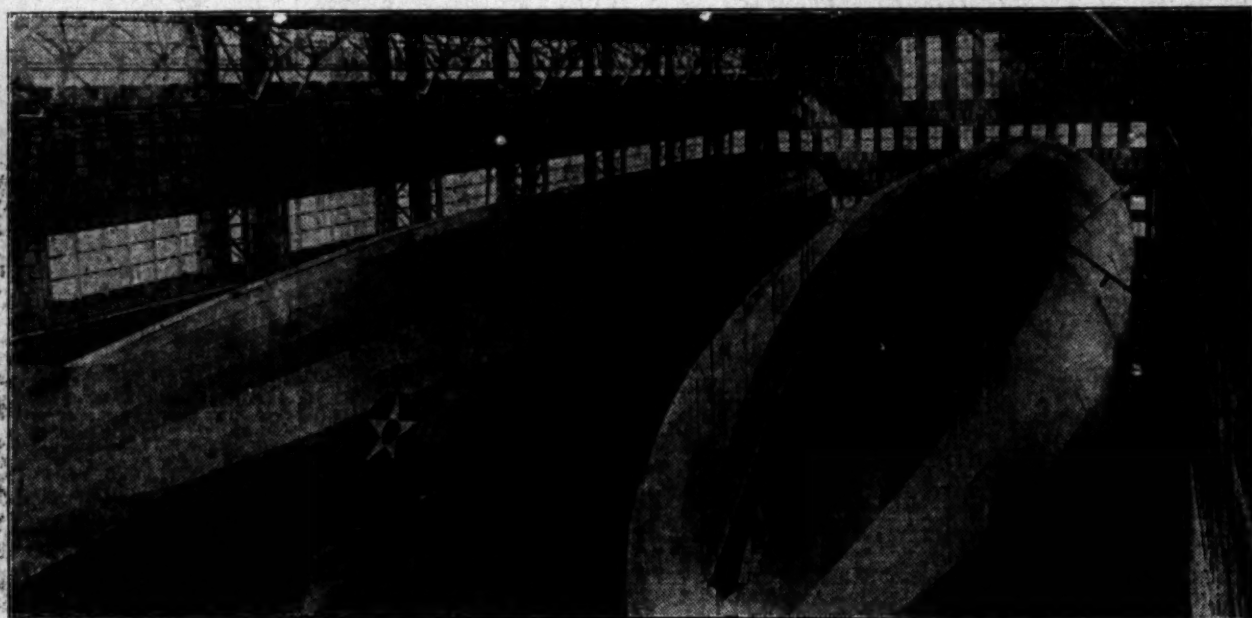

"Republican Flying Squadron" Closes Campaign. Judge David S. Rose, Belle McCord Roberts and M. R. Marston, part of organization which visited twenty cities in behalf of Coolidge and Dawes, and which brought their whirlwind speaking tour to a successful close last night. (Milligan photo.)

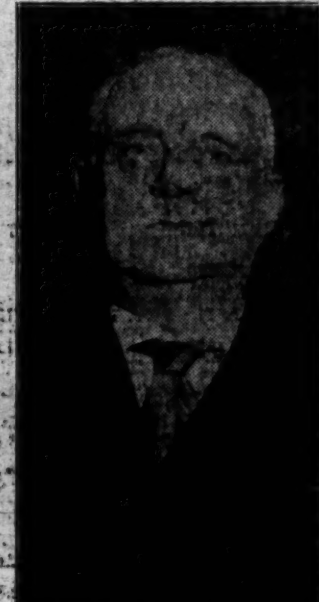

President Also Votes Via the Postman. President Coolidge swearing to his ballot for the election today in presence of N. P. Webster, notary public at White House. Mrs. Coolidge, who voted at same time, is shown in the background. (P. & A. photo.)

Inherits \$3,000,000. Mrs. Anna Loeb, mother of "Dickie" Loeb, boy slayer, comes into fortune by husband's death. (P. & A. photo.)

Leviathans of the Air Rest Side by Side in Lakehurst Hangar. Unusual picture of the Shenandoah (left) and the Los Angeles, formerly the ZR-3, in their giant hangar at Lakehurst, N. J., which was specially constructed to house the giant Navy dirigibles. Note difference in size. (P. & A. photo.)

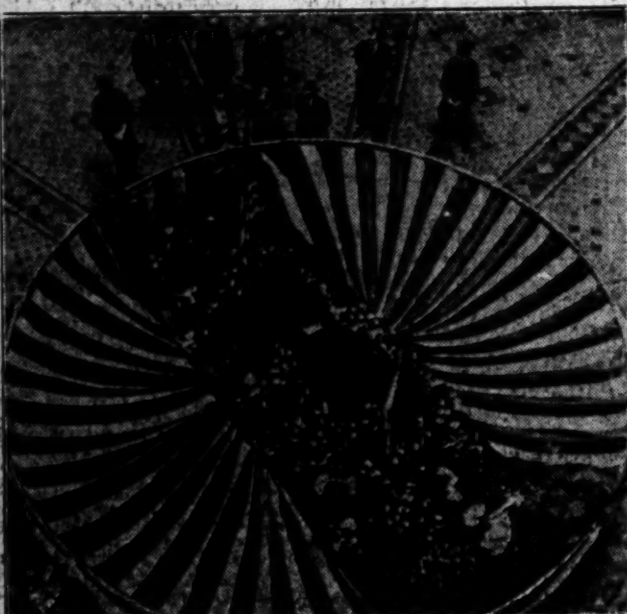

Gives Fortune Away. James A. Fatten, Chicago's "wheat king," who recently donated \$1,500,000 to Chicago Community Trust. (P. & A. photo.)

Ballot by Mail for Fourteenth Time. Maj. John Jeffery, veteran journalist, now visitor here, yesterday mailed his vote for Coolidge and Dawes to his home in San Francisco. Fourteenth time he's voted by mail. (Times photo.)

May Part Famous Sisters. Rosika Dolly, and her niece, Edgar Allan Woolf. If she dies her sister Yancy says the Dolly Sisters will exist as a theatrical team. (P. & A. photo.)

Iowa Pay Tribute to Wallace. Body of late Secretary of Agriculture lying in state on main floor of Capitol at Des Moines presiding funeral, which was attended by thousands. (P. & A. photo.)

Three Sisters Near Century Mark. Mrs. Henry E. Ford (left), 80; Mrs. Samuel T. Rooney, 91 (center), and Mrs. Amelia Smailes, 84, sisters, held reunion recently at home of Mrs. Ford's daughter in Syracuse, N. Y. (P. & A. photo.)

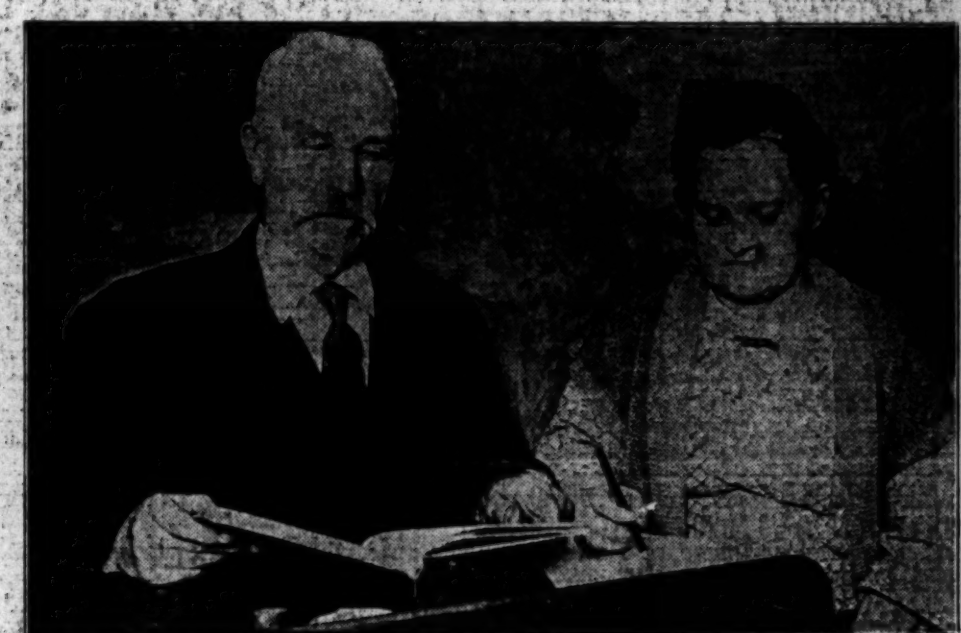

Gavel Maker Ready for New Congress. A. L. Holmes, Congress' official gavel maker, making weapons for parliamentary use. Over 600 gavels were broken during last session, and 400 are being made ready for use. (P. & A. photo.)

Fire With Dynamite. Business building at Gowanda, N. Y., instant after being dynamited by firemen to stem sweep of flames which destroyed several blocks and threatened entire town. (P. & A. photo.)

Had Regular Story Book Career. Charles M. Kittle, 41, who started at 14 as water boy for section gang, rose to vice-president of Illinois Central, and now heads Sears, Roebuck & Co. (P. & A. photo.)

Never Too Old to Learn. Mr. and Mrs. I. W. Malm of Minneapolis, 65 and 67, respectively, attending night school in Minnesota city. They recently arrived in this country from Sweden. (P. & A. photo.)

PLAINLY AUDIBLE
The crowd was plainly audible from the outside of the house, according to the officers, but the men somewhat astonished, then, when they opened the door, a front room, they asserted, was Stewart, with her outer clothing laid aside, was to be seen. She was sitting on a chair in the hallway Mrs. Blocker, dressed in black, told the officers that Mrs. Stewart, except that her hair was uncovered, was but slightly changed, and by Minnie, who was even more apprehensive than Mrs. Stewart, she declared.

Mrs. and Mrs. Ray, fully dressed, were cheering them on, the officers said.

Mrs. Stewart, told to dress as usual, and to go to the police station, the officers said, and the officers were rounding up the members of the party who had been invited to the evidence, she made for a room.

Detective Sergeant J. Murphy, her as he was going away out, he declared, and took her into the house, but she was again and the three proceeded in getting out of the house for a block along the alley to Hill overlook her, he said it took much persuasion, according to the officers.

CANDIDATES CONFIDENT

Record Vote in California is Anticipated; Sharp Fights on State Measures

 ALL REPUBLICANS ARE CALLED
 UPON TO VOTE TODAY BECAUSE
 OF FEAR OF OVERCONFIDENCE

The following pre-election statement, in which Republicans of California are requested urgently to go to the polls today, was issued last night by the local managers of the Coolidge-Dawes campaign:

It is customary for those connected with campaign organizations to issue a statement immediately preceding election in which predictions or estimates are given of the result.

We expect President Coolidge and Gen. Dawes to carry California.

The extent of the probable Republican victory depends entirely upon the total vote in this State.

The Republican campaign of several weeks ago was greatly stimulated by a fear that the La Follette Socialist-third party might succeed in its effort here. This led to vigorous activity

and the La Polleite movement rapidly declined.

There now exists in California a recurrence of that overconfidence among Republicans which, if permitted to result in a light vote, may jeopardize the success of the State.

President Coolidge and Gen. Dawes should carry this State in excess of 150,000. The Republican nominees will carry it by that figure if the Republican vote goes to the polls.

For the best interests of the nation, of the State of California and of the Republican party, we earnestly and urgently request

 [X] With the largest vote in the history of California in prospect, the police and firemen's union will remain open from 6 a.m. until 7 p.m. The Presidential race holds the center of public interest, with

 man John D. Fredericks and Communist candidate William Z. Foster, as opposed by candidates endorsed by the Socialist and Democratic parties. The election will result in a large vote in each district.

 Managers of the Fredericks and

contests for Congress, the Judiciary, the U. S. Senate and the State Legislature, county officers and public school board members. The county measures receiving varying degrees of attention.

Supporters of Coolidge and Dawes expect victory for the Republican ticket in the November election. The nearest competitor for 100,000 or more, it is generally believed, would be the Prohibitionists, and that Davis will be far behind.

Lindeberger campaigns are numerous, but the public nominees will be re-elected.

There are but two or three real contests in the county. In this county, a majority of the legislative candidates having opposed the prohibition amendment, the candidates who, themselves, have no expectation of election.

There is no doubt that the fight appears to exist in the Thirty-third

BECOMES BRIDE OF HAWAII PLANTER

Beatrice Hendry Weds at Riverside

(Post Photos, Honolulu)

THE marriage of Miss Beatrice
Elizabeth Hendry, daughter of
Mr. and Mrs. Thomas Hendry,
of 171 Kensington Road, to
John Murker Watt of Honolulu.

HAWAII, was solemnized at Mission
Inn, Riverside, on October 25 last.
Mr. and Mrs. Watt, after a short
honeymoon, will sail the 5th inst.
for their future home on the Ewa
sugar plantation near Honolulu.

Between the time she first met
Stevens and the date of their mar-
riage there was an interval of two
years, during which she did not
see him, according to her story. He
explained his absence with a story
about working on the State high-
ways, she said.

He probably was telling the
truth at that," Judge Summerville
remarked. "Very likely he was in
the chain gang."

He granted her the annulment
of her marriage that she asked.

Of Interest to Women

Boxing Club Topic
The public affairs section with Mrs. Shelley Tolhurst, chairman, will conduct today a high-control program after the luncheon at noon. Dr. Jennie C. Spencer will preside and Mrs. Mary Ware Denney, president of the Voluntary Parenthood League, will speak on "Birth Control and the Cumulative Bill."

Health
Mrs. Joseph F. Sartori will speak Friday on "The Biennial." Robert Weaver, president of the A.A.U., will speak on "The Olympic Games," and Mrs. Oda Paulson on "The London Bar Association."

Health
Mrs. Frank W. Phelps is chairman of the committee on scholarship for the club this year and she with her committee is financing the work by giving social and ticket money to the clubhouse, the first of which will be a card party Thursday afternoon. The guests are not limited to club members and tickets may be obtained at the club office. No prizes will be given as every dollar given will be used to keep in school needy children who but for this fund would have to help support families.

Santa Monica Bay Woman's Club Gretchen Hanzel, Copper dramatic interpreter, gave a costume program of one-act plays which were dramatic incidents in the love lives of three Italian masters of the renaissance before the Santa Monica Bay Woman's Club yesterday. These plays were written by Mrs. Copper and were given yesterday for the first time in Southern California. The program proved to be one of the most delightful of the season. The costumes worn by the artist were designed from an Italian print of the fifteenth century.

Health
The first play of the group was based on the "Mona Lisa" of Da Vinci, Italy's most famous picture. From Botticelli's "The Birth of Venus" was developed a drama of conflict, possible only during the renaissance of a high-born girl art with startling consequences. Like the others, this play is based upon authentic records of the time. Few know the story of "Baker's Daughter of Rome" (La Fornarina), the love of the artist Raphael whose candid, beautiful face shines forth from so many of that artist's pictures. The play, "Madonna," depicts the tragic circumstance preventing the marriage of these lovers.

Health
Luncheon speakers were Judge Frank C. Collier and Walter J. Little, both speaking on "The Duties of Citizenship."

Health
Vaudeville Show
Mrs. Alexander Hannum, chairman of the department of co-operation with disabled veterans for the Wa-Wan Club, will present a diversified program to the boys at Ward Memorial Hall, Sawtelle, tomorrow evening. Those who appear in this vaudeville will be Lillian Althaus, saxophone; Paul Brandenburg, tenor; Lewis Klein, autoharp, and others.

Health
Hollywood Women's Club
The Bible section of the Women's Club of Hollywood will meet on Wednesday at 11 a.m. in the auditorium of the clubhouse. Carl E. Knopf, assistant professor of Biblical literature at the University of California, will discuss "Genesis: A Social Laboratory." Prof. Knopf sees the Bible as a source book of social and psychological experiences, of man's relation to man and man's relation to God. These meetings are open to the public without fee.

Health
Mrs. Orville L. Routt will preside at the first literature luncheon of the season at noon of the same day. She has chosen four new novels by women authors to be reviewed by club members.

Health
At 2:30 p.m. Charles Breasted, son of Prof. J. H. Breasted, archaeologist who has been assisting Howard Carter in deciphering the inscriptions which served to identify the place of Tut-Ankh-Amen's tomb in history, will lecture on the subject of this remarkable scientific discovery under the title of "Tut-Ankh-Amen: The Romance of His Death and Rediscovery." Mr. Breasted was with his father, acting as the latter's personal secretary, at the time the tomb was opened. Later he served as the special correspondent of the Chicago Daily News in Egypt. He will use slides to illustrate his lecture.

Denial of rumors to the effect that the General Petroleum Corporation was about to take over the Julian Petroleum Corporation's filling stations in and about Los Angeles, was made yesterday by C. C. Julian, president of the latter company. Julian stated that there have been no negotiations for the purchase of the Julian company's oil stations and that the rumors are unfounded.

Health
It had been reported that the General Petroleum was preparing to enter the retail gasoline business and was to use the Julian oil stations as a nucleus in competing in the retail field with the Standard, Shell, Richfield and Ventura companies.

A jury was selected in Judge Campbell's court yesterday to hear the testimony in the trial of the suit brought by the county against the Santa Monica Land Company. Will Rogers, film comedian, and others, to condemn a strip of the beach land near Santa Monica for public park and recreational purposes.

Health
Through testimony adduced by attorneys for the defendants and the County Counsel, the jury will attempt to fix the price of the land sought to be condemned in the action. The strip is about 1100 feet in length and estimates of the value of the land were said to vary from \$350 a foot to \$1000 a foot. Rogers was not in court when the case was called for trial. Selection of the jury was completed at noon, at which time a continuance was taken until Wednesday morning.

CAVE MAN MAY BE INSANE

Lunacy Judge Not Yet Convinced Youth Accused of Trying to Abduct Sweetheart is Unbalanced

Rueloff Layburn's best girl lived in Centralia, Ill. Layburn went back to Centralia to call upon her, and found a rival in possession of the arm chair and the situation.

What followed was told before Judge Guerin in Lunacy Commission proceedings yesterday. For although Layburn, according to the story related to the commission, at first resolved to take the matter philosophically and come back to St. Louis, when he got to St. Louis he changed his mind.

RENTS APARTMENT
He first rented an apartment and stocked it with provisions for two sufficient to last thirty days. Next he obtained a revolver, a rope and a pair of handcuffs, and set out for Centralia, sixty miles away, by automobile. Arrived at Centralia, he went to the home of his former sweetheart, and finding no one in, entered and hid.

A little later, according to tea-observation.

POSTMASTER IS SENTENCED
Thermal Man Who Stole Stamps and Eloped With Girl Sent to Prison for Three Years

Claude A. Porter, the 27-year-old postmaster of Thermal who left his post with \$1500 in stamps and money orders to elope with a 14-year-old girl, was sentenced to three years imprisonment at Leavenworth yesterday by United States District Judge Bledsoe.

A touching story of his fall from grace and his consequent remorse was told by Porter in his plea for leniency. His father was also present and appeared to be unnerved by the sentence imposed on his son.

TELLS OF TROUBLES
Porter, in his dramatic plea to the court, described his difficulties with his wife and his inability to meet the household bills on the small salary he received. Things reached such a stage finally, he said, that he decided to take some of the money in the postoffice in order to pay some of the household expenses.

He found, however, that his limited salary would not permit him to begin gambling so that he could replace the money he had taken. But he lost, he said, and his situation grew worse steadily. Worry drove him to drink, he declared. He stumbled. Finally his wife left him.

GOES TO MEXICO
This caused him to lose hope, he said. He eloped with the young girl, whom he had known since she was an infant, and went to Ensenada, Mex. The full realization of what he had done did not strike him until some time later. Then he wished to return "to face the music," he said, but realizing that he had endangered the girl's reputation and that she would be black-listed in the little town where they lived he finally decided against this and drove on.

They were arrested some time later at Ensenada and brought back for trial. In imposing sentence Judge Bledsoe said: "You have allowed yourself to drift with the tide. The essence of citizenship is to oppose the tide that has enveloped you."

Abatement of Apartments as Nuisance Asked

Branding the Dell Bert Apartments, 357 South Fremont avenue, as a house of ill repute, and one in which vice was encouraged, the District Attorney's office yesterday filed a petition asking that the place be abated as a nuisance for a period of one year.

ELLIS FUNERAL RITES

Many Representatives of Business World Among Mourners

Funeral services for George Baker Ellis, well known in the business world, were conducted yesterday afternoon at the Little Church of Flowers, Forest Lawn Cemetery.

A large number of officials and representatives of business houses and public service corporations with which Mr. Ellis had been identified were among the mourners. There were floral offerings in great profusion. Rev. Carl Patton conducted the services.

Mr. Ellis, who was connected at various times with a number of the largest public service corporations in Southern California, died last Saturday following a long illness of about a year's duration.

STUDIO PHOTOGRAPHER BREAKS SKULL BOWLING

F. E. Hershey, photographer at the Hal Roach Studios, is in a critical condition at the Methodist Hospital, with a basal fracture of the skull, following an unusual accident at a local bowling alley Saturday night where he was practicing for a studio bowling tournament.

Hershey slipped and fell on the polished surface of the alley, the back of his head striking the floor. He was taken home unconscious and later removed to the hospital. Yesterday he still was reported to be in a comatose condition. Hershey has been a member of Hal Roach's photographic department for almost two years.

THREE SLAYERS WILL BE HANGED

Ferdinand, Sears, Geregac Hear Repronouncement

Clemency by Governor Now Only Hope for Life

Trio May Die Year and Day After Trial Opening

With the possibility of executive clemency shining faintly as the sole ray of hope in a future that offers nothing but death, Jack Ferdinand, John Sears and John Geregac, condemned murderers, stood before the bench in Judge Avery's court yesterday and heard themselves sentenced to hang for taking the life of a fellow man.

The three were convicted last January of first-degree murder in connection with the slaying of November 27, 1923, of Charles O. Chapman, young insurance broker. As the jury gave no recommendation, the court was compelled to impose the death penalty.

All of the convicted men, still in their twenties, appealed to the Supreme Court for a new trial, but the State's highest tribunal rejected the case and affirmed the findings of the Superior Court.

TWO PREFER FOLSOM

In repronouncing the death sentence, Judge Avery considered a request of Sears and Ferdinand that they be hanged at Folsom penitentiary instead of San Quentin. The court took this request under consideration pending a ten-day stay of execution of sentence, as the court had already dictated its order that the pair be hanged at San Quentin.

Geregac was sentenced to die at Folsom. The explanation was made that the men desired to meet death in Folsom because convicts held at this prison under the extreme penalty are permitted to see friends before they are taken to the gibbet. It was also reported there had been some dissension among the three during the time they were held at San Quentin pending their appeal and that two of them had asked to be hanged separate from the third.

The court fixed January 16, 1925, as the date for execution of sentence. By a strange coincidence the date is the same as the date just one year and a day from the date they were placed on trial for the Chapman murder.

MURDER IN HOLD-UP

According to testimony adduced at the trial by Dep. Dist. Atty. John J. Hill, Chapman was shot and killed by Ferdinand during a hold-up. Geregac, the testimony showed, started out the evening of the fatal shooting on an expedition of banditry, robbing two couples whom they found in a parked automobile in the southeastern section of the city.

The bandits then compelled the driver of the car to take them to Chapman's automobile, which was parked in a street between South Park and Slauson avenues.

Chapman at the time was seated in the car with a friend, Mrs. Elizabeth B. Sears. Sears and Ferdinand left the first automobile to rob Chapman, while Geregac remained to guard the occupants of the first machine.

Chapman, according to the testimony of Mrs. Bohmer, was shot after he and Mrs. Bohmer had been ordered out of Chapman's car and robbed.

ALL HELD FOR DEED

The three were indicted for first-degree murder under the California law, which holds all accomplices involved in the actual commission of a crime to be equally guilty. The verdict condemning all of the accused men to death was the first of its kind ever brought in by a jury in the local Superior Court.

Judge Avery granted a ten-day stay of execution to permit the trio to sign statements concerning the murder, which will be submitted to Gov. Richardson, the only person who now can save the youths from swinging on the gallows.

All of the condemned men heard the sentence without show of emotion.

Tribute Voted by

Council on Death

of Dr. Powers

The City Council yesterday, by resolution paid tribute to the services of the late Dr. I. M. Powers, for thirty-two years Health Commissioner, who died last Friday.

The adoption of the resolution was moved by Councilman Hallard and seconded by Councilman Wheeler. Following the adoption of the resolution, the Council adjourned out of respect to the memory of Dr. Powers. The resolution was as follows:

"Whereas the City Council learns with deep regret of the passing to the Great Beyond of Health Commissioner Dr. Luther M. Powers, and

Whereas Dr. Powers has been for more than thirty years a faithful servant to the people of this city, his name being known throughout the entire county as a man of signal ability along his chosen line;

Now therefore be it resolved, that the City Council declare that in the passing of Dr. Powers the city has lost a valued public servant, and a family has lost a devoted member, and

Be it further resolved, that a copy of this resolution be spread upon the minutes of this Council session and a copy of same be enclosed and delivered to the family of the deceased, and

Be it further resolved, that out of respect to the late Dr. Luther M. Powers, this Council does now adjourn without further transaction of business."

COUPLE ARRAIGNED IN

CHILD STEALING CASE

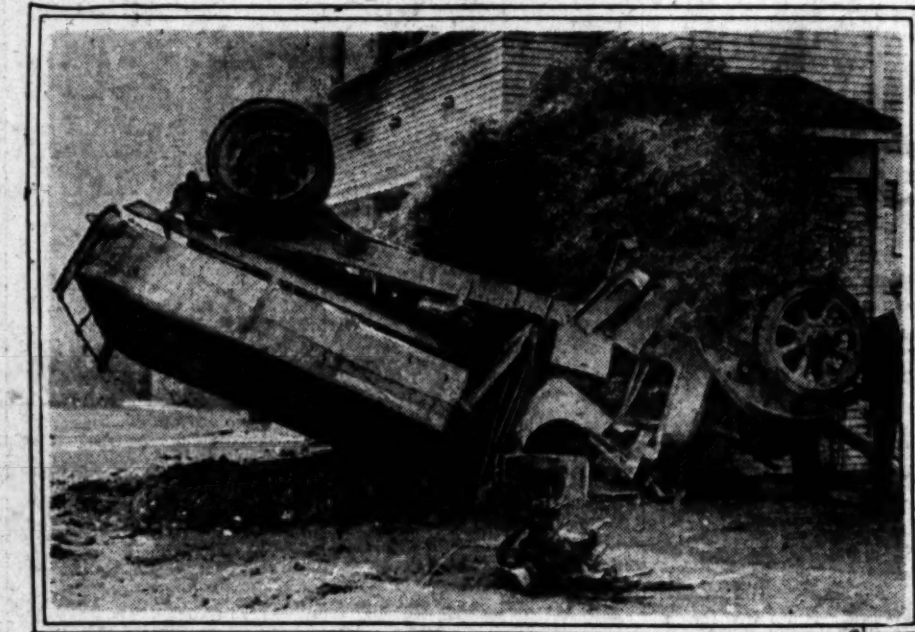

Carl H. Howe and his wife, Elizabeth Howe, were arraigned before Judge Keetch of Superior Court yesterday on a charge of child stealing. The case of Mr. Howe, who is under 18 years of age, was transferred to Juvenile Court, but Howe's hearing was set for the 17th inst. It is charged that Howe and his wife took Virginia Boney, 1-year-old daughter of Mrs. Nellie A. Southey, to Tia Juana with them without the consent of the mother. There, they declared to have mistreated the child.

ASSAULT CHARGED TO

HALLOWEEN MASKERS

A complaint charging assault to do great bodily harm, assault and battery and wearing masks in the commission of a public offense was filed yesterday by Dep. Dist. Atty. Lucas against Arnold E. Bowman and two other men and a woman, who were not named. They are charged with attacking and beating C. G. Blake and his wife in the yard of the latter's home near Gardens on Halloween. The beating, it is asserted, was the outgrowth of a neighborhood feud.

RUNAWAY TRUCK KILLS TWO STANDS PAT HALF-CENTURY

Mother May Die from Injuries Received as She Rushes to Child on Lawn; Two Others Hurt

A baby girl was killed, her mother seriously injured and two men slightly injured yesterday morning when a twelve-ton truck, loaded to capacity with gravel and traveling at a speed of between forty and fifty miles an hour out of control of the driver, plunged down a hill on Avenue 52 at Monte Vista, struck a small car and ended its wild flight at the front door of the home of Mrs. Ruth Jaeger, 230 North Avenue 52.

The baby, 24-year-old Fay Jaeger, was killed on the front lawn of the home as the frantic mother, seeing the unexpected menace bearing down upon her child, made a desperate effort to reach her before the truck. A rear wheel of the vehicle crushed the baby's head while the mother was buried beneath several tons of gravel as the runaway truck turned turtle and struck a corner of the Jaeger house.

The driver, Harry W. King, 42, stuck at the wheel of the car until he was catapulted from the seat as the truck leaped the curb just south of Monte Vista and tore a large tree up by the roots. He was only slightly injured about the hands and feet. Following treatment at the Emergency Hospital he was lodged in the City Jail, awaiting investigation of the tragic accident.

Earl A. Evans, 19, 912 East Forty-first street, who was at the wheel of a small touring car struck by the truck at the intersection of Avenue 52 and Monte Vista street, suffered a broken collar bone. James H. Morgan, 413 North Avenue 52, a second occupant of the car, escaped unhurt, although the car was practically demolished. Evans was treated at the Emergency Hospital and later removed to his home.

According to eyewitnesses of the tragedy, the truck, obviously out of control of the driver, started its wild dash five or six blocks north of Avenue 52 on a paved hill. As it sped down the hill, gaining momentum with every turn of the wheel, the driver shouted warning to other cars and pedestrians. Evans was unable to stop in time to avoid a collision. The truck struck one of the front fenders of Evans's car, twisting the smaller car broadside into the truck.

It was this collision, which changed the course of the truck and headed it for the Jaeger home. With its speed barely diminished it leaped the curb fifty feet south of Monte Vista, tore up a large tree by the roots and plunged half way across the lawn to the house before it turned turtle. The tree was carried onto the front porch of the Jaeger home.

The baby victim of the tragedy was playing on the front lawn with its mother watching from the front porch. The mother suffered compound fractures of both legs and possible internal injuries in addition to the shock. Her condition is grave, with the chances of recovery heavily against her.

Examination of the runaway truck revealed that the rear end, making the brakes of the vehicle useless. Had the collisional Monte Vista been avoided, said Evans, the car would have plunged on to Pasadena avenue a block south, where the traffic at that time of day is heavy.

The truck was the property of King, who is an independent truck contractor.

AUTOIST IS SENTENCED

Ninety Days in Jail and Fine for Wrecking Hen Domicile

Because he disturbed the chickens in a hen-house by embarking in his automobile on an uncharted course through their domicile, Francis Watts, produce man, yesterday was sentenced by Justice Forbes to ninety days in jail and a fine of \$200 on a charge of reckless driving.

Watts was arrested by Alhambra police who said they found him and his wife in the wreckage of an automobile and a hen-house on Huntington Drive, east of Alhambra, early yesterday. Mrs. Watts was treated for cuts and bruises at the Emergency Hospital in Alhambra. Watts explained that he had not stopped his machine until it struck the hen-house. The accident was investigated by Deputy Sheriff Stensland and Wolf.

Clemenceau Kin Being Sought as Auto Embezzler

George G. Clemenceau, said to be a grandson of the Tiger of France, was charged in a complaint issued yesterday by Dep. Dist. Atty. Lucas with the embezzlement of an automobile valued at \$1000.

According to the officers Clemenceau rented the car on October 21, last, from Parsons Brothers for nine hours but failed to return it. He is said to have been last seen near Mexicali. Upon orders from Capt. Bishop at the Sheriff's office, Deputy Sheriff Patton is out hunting for Clemenceau.

Doubt was expressed that the man wanted is the grandson of Clemenceau by Mr. Bentous, French Consul at Los Angeles. He pointed out that Clemenceau has no sons. He did say, however, that he once heard of a young man in San Francisco who was supposed to be a grandson of the celebrated statesman. His name was Gaston. He was reported to be a son of one of Clemenceau's daughters. Theodore Roosevelt in 1904; Wil-

liam H. Taft in 1908 and again in 1912; Charles H. Hughes in 1916; Warren G. Harding in 1920, and yesterday for Calvin Coolidge.

"I have been acquainted personally with all the presidents from Grant to Coolidge except Wilson," the major commented. "I have attended every Republican National Convention since 1868 except the Cleveland convention this last summer. During my earlier years as a journalist I heard and reported the speeches delivered at conventions by all the great old-time orators—Garfield, Ingalls, Blaine, Cochran and in 1896, Bryan's famous 'cross of gold' address."

Maj. Jeffery's recollections of the outstanding incidents connected with the various political campaigns since he attained his majority form an intimate political history of this country for more than half a century.

Aside from the part he has played in politics, Maj. Jeffery has won distinction as a journalist. He is credited with being the "inventor" of the headlines which he first used at the time of the Chicago fire, when he published the only paper in that city the day after the catastrophe. He was a close friend of Mark Twain, James Whitcomb Riley, Eugene Field and Melville B. Stone, manager of the Associated Press, and with them men organized the Chicago Press Club forty years ago.

For the fourteenth time since he became old enough to vote, Maj. John B. Jeffery of San Francisco, veteran journalist and for more than half a century closely identified with political activities, cast his ballot yesterday for a Republican candidate for President.

Maj. Jeffery, who now is at the Biltmore, mailed his vote for Coolidge and Dawes to the Registrar of Voters in San Francisco. During the last several months the major has been conducting a quiet campaign of his own in support of the Republican ticket throughout California. During this period he has visited fifty-two cities in the State and, in addition, he has written to fellow-members of the Grand Lodge of Elks, of which he is the oldest living member, in 1400 cities throughout the country urging them to vote for Coolidge and Dawes.

"This work has left me pretty well tired out and I did not feel equal to the journey to San Francisco to vote and so I mailed my ballot," said Maj. Jeffery.

The major, who is now 77 years of age, cast his first vote for Gen. Grant in 1868, voting for the general again when he was re-elected four years later. His next vote was for Rutherford B. Hayes in 1876, and then he voted successively for James A. Garfield in 1880; James G. Blaine in 1884; Benjamin Harrison in 1888 and again in 1892, when Harrison was defeated by Cleveland; William McKinley in 1896 and again in 1900; Theodore Roosevelt in 1904; Wil-

liam H. Taft in 1908 and again in 1912; Charles H. Hughes in 1916; Warren G. Harding in 1920, and yesterday for Calvin Coolidge.

"I have been acquainted personally with all the presidents from Grant to Coolidge except Wilson," the major commented. During my earlier years as a journalist I heard and reported the speeches delivered at conventions by all the great old-time orators—Garfield, Ingalls, Blaine, Cochran and in 1896, Bryan's famous 'cross of gold' address."

Maj. Jeffery's recollections of the outstanding incidents connected with the various political campaigns since he attained his majority form an intimate political history of this country for more than half a century.

Aside from the part he has played in politics, Maj. Jeffery has won distinction as a journalist. He is credited with being the "inventor" of the headlines which he first used at the time of the Chicago fire, when he published the only paper in that city the day after the catastrophe. He was a close friend of Mark Twain, James Whitcomb Riley, Eugene Field and Melville B. Stone, manager of the Associated Press, and with them men organized the Chicago Press Club forty years ago.

For the fourteenth time since he became old enough to vote, Maj. John B. Jeffery of San Francisco, veteran journalist and for more than half a century closely identified with political activities, cast his ballot yesterday for a Republican candidate for President.

Maj. Jeffery, who now is at the Biltmore, mailed his vote for Coolidge and Dawes to the Registrar of Voters in San Francisco. During the last several months the major has been conducting a quiet campaign of his own in support of the Republican ticket throughout California. During this period he has visited fifty-two cities in the State and, in addition, he has written to fellow-members of the Grand Lodge of Elks, of which he is the oldest living member, in 1400 cities throughout the country urging them to vote for Coolidge and Dawes.

"This work has left me pretty well tired out and I did not feel equal to the journey to San Francisco to vote and so I mailed my ballot," said Maj. Jeffery.

The major, who is now 77 years of age, cast his first vote for Gen. Grant in 1868, voting for the general again when he was re-elected four years later. His next vote was for Rutherford B. Hayes in 1876, and then he voted successively for James A. Garfield in 1880; James G. Blaine in 1884; Benjamin Harrison in 1888 and again in 1892, when Harrison was defeated by Cleveland; William McKinley in 1896 and again in 1900; Theodore Roosevelt in 1904; Wil-

liam H. Taft in 1908 and again in 1912; Charles H. Hughes in 1916; Warren G. Harding in 1920, and yesterday for Calvin Coolidge.

"I have been acquainted personally with all the presidents from Grant to Coolidge except Wilson," the major commented. "I have attended every Republican National Convention since 1868 except the Cleveland convention this last summer. During my earlier years as a journalist I heard and reported the speeches delivered at conventions by all the great old-time orators—Garfield, Ingalls, Blaine, Cochran and in 1896, Bryan's famous 'cross of gold' address."

Scott Valley Bodies Oppose Klamath Plan

Resolutions opposing the creation of the Klamath River Flamingo District, as proposed in Initiative No. 11 on today's ballot, adopted at a meeting at Ft. Jones, Cal., have been endorsed by the Scott Valley Irrigation District, the Farmers Ditch Company, the Salmon River Miners' Association and the Scott Valley Grange. It was announced yesterday.

The resolution declared the proposal to dam the Klamath had been misrepresented, and that if the fish-and-game district carried it will work "a great injustice to the citizens of Western Shastaville in the development of their resources."
